Dear parent/carer

I am writing to inform you about the upcoming assessments that pupils in Years 7, 8 and 9 will be taking.

During week beginning 22nd May and 5th June, your child will be involved in subject assessments. The majority of these assessments will take place in your child's regular classroom and in their regular lessons and for many this will feel no different to their lessons throughout the year. However, to ensure we promote exam technique and build our pupils' understanding of formal qualifications, we will be holding some of their core exams in English, Maths and Science in the examination hall. This will allow pupils to understand the routine and expectations.

Subject teachers are working with pupils to ensure they are equipped with what they need to do and how to prepare for their exams. Revision materials will be added to pupils' Classcharts and Teams area.

The assessments will give your child a realistic indicator of how well they are performing in their subjects. It will support the teachers by ensuring that they know what next steps are needed.

A report will be sent home at the end of the academic year, which will outline your child's progress.

If you have any questions please contact us at infogea@midlandat.co.uk

Yours sincerely

Dee Stanton
Vice Principal
