

FAQs – COVID 19

If you have any questions or queries during our period of closure please email info@midlandacademiestrust.co.uk We will respond as soon as we are able.

My Ed App

The My Ed App is available for android and apple mobile devices. The app allows parents to see up to date information about their child school life. The App can be accessed using the link: <https://www.myedschoolapp.com/>

The information below is an extract of **frequently asked questions** from the My Ed website:

I can't see my child's information in the app, how do I add a student?

Students are added in to your MyEd app automatically. We check the contact details you enter when signing up against the contact details the school have for you. If twenty four hours has passed since registering with MyEd and you still do not see your children's information, contact the school to check that they have up to date details for you.

I tried downloading this on my laptop but it won't work.

MyEd is only available for Android and Apple mobile devices such as tablets, mobile phones etc.

How can we get on email?

Please look to The George Eliot school website. On here is a 'how to' guide for accessing school email. <http://www.george-eliot.warwickshire.sch.uk/links>

How will I know what my child needs to learn?

All topics and knowledge organisers are on the website.

<http://www.george-eliot.warwickshire.sch.uk/>

Under the *GCSE Revision* tab – all exam boards information and specimen papers are here for you to see. It tells you what topics are covered over the course.

All pupils are set work on Doodle and GCSEPod for them to follow. They can submit work through GCSEPod or by emailing.

How will the school keep in touch?

The school uses **Twitter @GeorgeEliotSch** and this goes on to our school website.

There will be regular communication sent to parents through the normal methods like **MyEd**

Will my child be expected to complete school work whilst the school is closed?

We would ask that all pupils keep their minds focussed and busy during this time. Spending time independently learning, sharing work with their family is incredibly valuable in helping your child manage this time.

What happens if we have a query about work?

See the website. We have attached key contacts to each year group.

What about Prom?

Following Government advice, we have to cancel this. We aim to have an event when we get back to school to celebrate the year group. We are incredibly proud with how our year 11 have been at this time and a celebration is much deserved.

What about the reading challenge – we can't access the books?

Many of the schools reading challenge books are available on PDF through the internet. Lists and information have been sent to the pupils.

How can I encourage my child to stay fit?

The body coach, Joe Wickes is running a live workout session on his Youtube Page, Monday-Friday at 9:00am. For further information, please see link below:
