Suggested schedule for the week

The exam papers will be emailed on the morning according to the schedule.

As best as possible you should complete them on the day it says and email the answer paper back to your teacher.

If you miss a day (are in school) then you should look to fit the papers that day in to the schedule to suit you.

- Try to find a quiet space to work.
- Try to stick to the timing given for the paper.
- Attempt as much as you can. Do your best!
- Remember the point of this is not only to celebrate your strengths and what you do well in but to learn about the mistake you make and what you need to work on next.
- Your teachers will use these as a guide to support your future learning.

Monday	Tuesday	Wednesday	Thursday	Friday
English Paper 1	Maths	Science Chemistry	Science Biology	Computer Science
Science Physics	French	English Paper 2	Geography	R.E
			P.E
